## PRODUCT LINE

INDUSTRIAL VALVES

[WWW.INTERVALVULAS.COM.BR](http://WWW.INTERVALVULAS.COM.BR)

## EXCELLENCE IN INDUSTRIAL VALVES WITH GLOBAL REACH

Located in Ribeirão Preto – SP, one of the largest industrial hubs in the interior of São Paulo state, we are a company specialized in **the manufacturing and maintenance of industrial valves**, serving with excellence various sectors: sugar, alcohol, chemical industry, petrochemical, pulp and paper, sanitation, steelmaking, mining, pharmaceutical, and food industries.

With **our own facilities and a highly qualified team**, we combine technical experience with partnerships with certified suppliers, ensuring the correct and safe specification of valves for each application.

Our **engineering department** is focused on developing special projects, offering customized solutions according to the specific demands of each client.

We are a **100% Brazilian** company, positioned among the largest valve manufacturers in the country. We have a strong presence in the national market and also export to several countries, consolidating a growing and solid international presence.

We stand out by **pursuing continuous improvement and maximum quality**, as well as offering comprehensive technical support for the perfect operation of the products supplied. For our clients' greater peace of mind, we provide **24-hour technical assistance**.

## TECHNICAL SUPPORT AND VALVE MAINTENANCE

Interválvulas offers complete solutions in the commercialization, maintenance, and overhaul of valves, serving sectors such as Mining, Petrochemical, Sugar and Alcohol, and Pulp and Paper. Valve maintenance is essential to ensure the efficiency of industrial processes, providing benefits such as cost savings, reduced downtime, and extended equipment lifespan. With our specialized technical team, we deliver efficient solutions and quality assurance for every maintenance service.

# CONCENTRIC BUTTERFLY VALVES

| SERIES      | MODEL                                | CLASS     | CONNECTION | DIAMETERS |
|-------------|--------------------------------------|-----------|------------|-----------|
| S105 / S100 | Concentric One-Piece Butterfly Valve | 150 e 300 | Wafer      | 2" a 60"  |
|             |                                      |           | Lug        | 2" a 60"  |
| S155        | Concentric Two-Piece Butterfly Valve | 150       | Wafer      | 2" a 60"  |
|             |                                      |           | Lug        | 2" a 60"  |

|                                |  |
|--------------------------------|--|
| <b>Construction Standard</b>   | API 609  |
| <b>Face to Face</b>            | API 609 Cat. A   |
| <b>Connection Standards</b>    | ASME, ISO, DIN, E JIS  |
| <b>Testing Standards</b>       | API 598  |
| <b>Body and Disc Materials</b> | Ductile Iron, WCB, CF8, CF8M, Aluminum Bronze, and Special Alloys upon request |
| <b>Sealing Materials</b>       | EPDM, Buna, Viton, Silicone, Brastec, SBR, Hypalon, PTFE                       |

# HIGH-PERFORMANCE DOUBLE ECCENTRIC BUTTERFLY VALVES

| SERIES  | MODEL  | CLASS | CONNECTION | DIAMETERS |
|---|--|-------|------------|-----------|
| S250  | Double Offset Butterfly Valve with Resilient Seal      | 150   | Wafer      | 2" a 60"  |
|   |  |       | Lug        | 2" a 60"  |
|   |  | 300   | Wafer      | 2" a 60"  |
|   |  |       | Lug        | 2" a 60"  |
|   | Double Offset Butterfly Valve with Metal-to-Metal Seal | 150   | Wafer      | 2" a 60"  |
|   |  | 300   | Wafer      | 2" a 60"  |
| Double Offset Butterfly Valve with Resilient Seal | PN3  | Wafer | 30" a 60"  |           |
|   |  | BW    | 30" a 60"  |           |

|                                |  |
|--------------------------------|--|
| <b>Construction Standard</b>   | API 609  |
| <b>Face to Face</b>            | API 609 Cat. B   |
| <b>Connection Standards</b>    | ASME, ISO, DIN, E JIS  |
| <b>Testing Standards</b>       | Blockage: API 598<br>Control (Metal-to-Metal)<br>ANSI FCI 70-2             |
| <b>Body and Disc Materials</b> | WCB, CF8, CF8M, Aluminum Bronze, and Special Alloys available upon request |
| <b>Sealing Materials</b>       | RTFE, Metal x Metal  |

S250 14" with AirTorque Pneumatic Actuator

# TRIPLE OFFSET BUTTERFLY VALVES

**FIRE SAFE**

| SERIES | MODEL  | CLASS    | CONNECTION | DIAMETERS |
|--------|--|----------|------------|-----------|
| S300   | Triple Offset Butterfly Valve with Metal-to-Metal Seal | 150      | Wafer      | 2" a 60"  |
|        |  |          | Lug        | 2" a 60"  |
|        |  |          | Flangeada  | 2" a 60"  |
|        |  | 300      | Wafer      | 2" a 60"  |
|        |  |          | Lug        | 2" a 60"  |
|        |  |          | Flangeada  | 2" a 60"  |
| 600    | Wafer  | 2" a 60" |            |           |
|        | Lug  | 2" a 60" |            |           |
|        | Flangeada  | 2" a 60" |            |           |

S300 12" with Gearbox Actuation

|                                |   |
|--------------------------------|---|
| <b>Construction Standard</b>   | API 609   |
| <b>Face to Face</b>            | API 609 Cat. B  |
| <b>Connection Standards</b>    | ASME, ISO, DIN, E JIS   |
| <b>Testing Standards</b>       | API 598   |
| <b>Body and Disc Materials</b> | WCB, CF8, CF8M, Duplex, Super Duplex, and special alloys available upon request |
| <b>Sealing Materials</b>       | Metal x Metal   |

# CHECK VALVES

| SERIES                               | MODEL       | CONNECTION | DIAMETERS |
|--------------------------------------|-------------|------------|-----------|
| SINGLE FLAP S400<br>DOUBLE DOOR S500 | 150         | Wafer      | 2" a 60"  |
|                                      |             | Lug        | 2" a 60"  |
|                                      | 300         | Wafer      | 2" a 36"  |
|                                      |             | Lug        | 2" a 36"  |
| DOUBLE DOOR S500                     | 600 / 900   | Wafer      | 2" a 24"  |
|                                      |             | Lug        | 2" a 24"  |
|                                      | 1500 / 2500 | Wafer      | 2" a 14"  |
